

# Tyler Lundin Frontend Developer (Next.js/TS)

Spokane, WA | tyler@tylerweb.dev | (509) 514-5418

tylerweb.dev | github.com/tylerlundin | linkedin.com/in/tylerlundin

Public work pinned on GitHub; private client code available on request.

## Summary

*Next.js/TypeScript developer shipping performant small business sites and storefronts with strong UX + SEO fundamentals.*

## Selected Projects

### Portfolio + Service Bundles

*tylerweb.dev* Next.js ▪ TS ▪ Tailwind | Supabase | Vercel

- Productized a small business web offering (bundles + templates) to ship sites fast; built reusable page patterns and a consistent design system.
- Performance + SEO foundation across key pages; implemented metadata/OpenGraph, sitemap/robots, route caching/ISR, and analytics basics.

### Zevlin Bike E-commerce Storefront (Client)

*zevlinbike.com* Next.js ▪ TS ▪ Tailwind | Supabase | Vercel

- Built a mobile first storefront with product browsing and templates for collections + product detail; optimized images and the critical rendering path.
- Improved crawlability and product visibility with structured data and clean metadata; laid groundwork for cart and purchase flow UX.

### Iron Ankr Brand Marketing Site

*ironankr.com* Next.js ▪ TS ▪ Tailwind | Vercel

- Designed and shipped a bold, fitness oriented marketing site with responsive sections, reusable cards, and motion based emphasis.
- Reduced load costs via media compression and sensible preloading; improved accessibility via semantic structure and contrast safe styling.

## Skills

**Skills:** Next.js, React, TypeScript, Tailwind, HTML/CSS/JS ▪ Supabase/Postgres (CRUD, auth) ▪ REST/JSON ▪ Git ▪ Vercel ▪ Perf/SEO/a11y (basics)

**Workflow:** Neovim (in Alacritty), tmux, terminal-first workflow; AI-assisted scaffolding (used responsibly) for speed.

## Engineering Habits

- Incident response: triage fast, communicate clearly, stabilize systems; capture follow-ups.
- Root cause + runbooks: hotfix now; document, fix, and prevent repeats with concise SOPs.

## Education

Spokane Community College 2024–2025 ▪ AS-T: Computer & Electrical Engineering (Track 2/MRP) ▪ Sky View HS (2017)

## Selected Experience

### Suncrest Mart Cashier / Shift Lead

*Suncrest, WA | Dec 2024 – Present*

- Ran solo shifts end to end; resolved issues fast and kept service stable during peak hours with clean cash closeouts.

### Amazon GEG1 Inbound Dock Associate

*Spokane, WA | Oct 2022 – Dec 2024*

- Coordinated high volume inbound flow; escalated blockers with clear ownership and troubleshoot process/tool failures under time pressure.
